SHASTRA JUNIOR COLLEGE

MPC + IIT-JEE

CURRICULUM GUIDE / SAMPLE EDITION

SAMPLE CONTENT

Illustrative topics only. Confirm and replace with the official college curriculum.

Mathematics

Develop accuracy and depth across advanced problem types.

- Functions and relations
- Algebraic equations
- Trigonometry
- Coordinate geometry
- Differential and integral calculus
- Vectors and three-dimensional geometry

Physics

Apply concepts and mathematical reasoning to multi-step problems.

- Mechanics
- Work, energy, and power
- Rotational motion
- Electrostatics
- Current electricity
- Optics and modern physics

Chemistry

Link numerical chemistry with inorganic and organic concepts.

- Stoichiometry
- Chemical equilibrium
- Thermodynamics
- Chemical bonding
- Organic reaction basics
- Coordination compounds
