SHASTRA JUNIOR COLLEGE

MPC

CURRICULUM GUIDE / SAMPLE EDITION

SAMPLE CONTENT

Illustrative topics only. Confirm and replace with the official college curriculum.

Mathematics

Build fluency in algebra, functions, geometry, and calculus.

- Algebraic expressions
- Equations and functions
- Trigonometric identities
- Coordinate geometry
- Sequences and series
- Differential calculus

Physics

Connect mathematical models with physical principles.

- Units and measurement
- Vectors
- Motion and kinematics
- Newton’s laws
- Work, energy, and power
- Waves and oscillations

Chemistry

Explore physical, inorganic, and introductory organic chemistry.

- Atomic structure
- Periodic properties
- Chemical bonding
- Mole concept and stoichiometry
- Chemical equilibrium
- Introductory organic chemistry
